Reach Highest Number Ever Recorded, 70 Persons Fall Victims to Mobs Mad for Revenge

WASHINGTON, Dec. 18 .- Lynchgs in 1909 have numbered seventy, highest number recorded in twelve states, and one territory—New Mexico. As in previous years, crimes or alleged crimes against white wom-en and murders caused most of these summary executions. One case, oc-curring in Cairo, Illinois, combined oth causes and resulted in the placing of the city under military control several days. The Cairo lynch ings were the only cases of the kind that occurred north of the Ohio River during the year. Several double lynch-ings occurred at various points in the South and Oklahoma furnished a quadruple lynchings, with four cattle-

en as the victims.
In the following record the word "lynching" has been held to apply only to the summary punishment inflicted by a mob or by any number of citizens on a person alleged to tave committed a crime. By States the seventy lynching cases here recorded are classified as follows.

POSTOFFICE MEETS CHRISTMAS RUSH

WORK GROWS HEAVY FOR THE CLERKS AS PEOPLE COME WITH PACKAGES FOR HOME.

The Christmas shopping rush is on Everyone is busy, proprietor, clerk and shopper who like the bee flits from one bright display to another, gathering honey in the way of presents, but not robbing the clover of commerce as in exchange he leaves a few hard earned dollars to make life look rosler for the shopkeeper. Just at present there is prosperity.

The storekeeper retires at night tired, but happy in the knowledge that the C. & A. and Copper Queen paydays have opened the way to many dollars for him; the clerk in the knowledge that Christmas and the end of the heavy rush is a day nearer. While even the street fakir looks con-tentedly at the result of his day's

clerks is daily growing heavier, the lobby of the public building being filled throughout the day with people wishing to send presents or money orders to distant points. This rush will probably continue up to the hour

of closing December 24th.
Altogether it seems as if this Christ mas would be the banner one for several years in material prosperity for the storekeepers and would result in largely depleted pocketbooks for shop-

ant weather, so appropriate for a bob miled coat and a glad smile. It was scarce a week ago that this barde entive was telling about wear the same clothing all the year around." in the old reliable cook stave.

And the children, even those who had never seen a snowstorm before, did they hesitate? They did not, for something seems to tell the kids just what is expected of them under such conditions. They rushed out in thin shoes, snowballed everybody in sight and wound up before the fire with
